I. INTRODUCTION

The following report is the tenth issue of the Oklahoma Tax Expenditure Report. Pursuant to section 1 of Enrolled Senate Bill No. 135 of the Forty-fifth Legislature, First Regular Session, codified at Section 205 of Title 68, the report includes the Tax Commission's best estimate of the amount of state revenue that would have been collected but for the existence of each exclusion, deduction, credit, exemption, deferral, or other preferential tax treatment allowed by law for the previous fiscal year. Enrolled House Bill 2426 of the Forty-sixth Legislature, Second Regular Session amended Section 205 to provide that the report will be prepared no later than October 1 of each even-numbered year. Our next report will be issued October 1, 2012 with estimates for the fiscal year 2012.

The provisions of state tax law that fall within this definition of a "tax expenditure" are separated by tax type. Statutory provisions that affect more than one tax type are listed under each tax. Tax expenditures do not include incentive payment programs or exemptions to taxes not administered, regulated, or collected by the Tax Commission.

The estimates are based upon information from actual tax returns and secondary data sources. Each estimate has a different level of reliability based upon the accuracy of both the data and the estimation procedure. The different categories are as follows:

- | | |
|---------|---|
| Level 1 | Estimate based upon information contained in actual tax returns. The data collected is from returns verified for accuracy and unverified returns. This is the highest level of reliability. |
| Level 2 | Estimate based upon a projection from a composite of a fraction of returns filed or average amount of collections for the particular tax type involved. |
| Level 3 | Estimate derived from secondary data sources, such as other governmental agencies, industry sources, or national reports. |
| Level 4 | Level assigned for those items for which no known reliable data source exists. |

The estimation process for income tax expenditures prevents the summing of each expenditure and the drawing of any precise conclusions about their aggregate value. Estimates which are less than Twenty-five Thousand Dollars (\$25,000.00) are listed as "Minimal" unless a Level 1 estimate is available. Expenditures for which data resources are unavailable to provide an estimate contain the notation N/A (not available). The Commission will continue to strive to provide an estimate for these expenditures in subsequent reports. In 1995, the Tax Commission contracted with the Center for Economics and Management Research (CEMR) at the University of Oklahoma and the Office of Business and Economic Research (OBER) at Oklahoma State University wherein the departments utilized their resources to provide revenue estimates for sales tax expenditures. The expenditures for which the departments provided estimates are noted in the "Data Source" line as "OU/OSU Group". The original estimates provided by the OU/OSU

Group have been adjusted for the 2010 fiscal year. The sales and use tax estimates were not adjusted for the remuneration allowed for vendors as compensation for collecting taxes, partial compliance upon the removal of an exemption, or changes in buyer patterns due to the loss of an exemption.

This report does not propose to offer an official list of tax expenditures. Rather, it describes as many statutory “tax expenditures” as possible and provides revenue estimates for as many provisions of the state tax laws as can be isolated and measured. Further, each description is a very brief overview and is not intended to describe the tax expenditure with specificity.

II. INCOME TAX

A. CREDITS

Oklahoma offers a variety of income tax credits. Tax credits directly reduce tax and in some cases are fully refundable, transferable, or can be carried over to a subsequent tax year. (Credits are nontransferable and have no carryover unless otherwise indicated below).

1. ***Investment in Equipment Used for Recycling, Reuse, or Source Reduction of Hazardous Waste***

Citation: 27A O.S. §2-11-303

Description: One time nonrefundable credit against income tax for an investment in equipment and installation of processes used for the recycling, reuse or source reduction of hazardous waste. The credit is not to exceed twenty percent (20%) of the net investment cost. The credit must be taken within three (3) years of installation and is not to exceed a total of Fifty Thousand Dollars (\$50,000.00) for three consecutive tax years.
